JAYARAMDAS PATEL ACADEMIC CENTRE

Vascular Access Course

5th & 6th August 2016

Course Director
Dr R. B. Sabnis

Faculty :
Dr. Arun Pherwani
Dr. V. Mutthu
Dr. Ajay Oswal
Dr. Arun Chawla

Dr Mahesh Desai, MS, FRCS, FRCS, FACS

Medical Director & Managing Trustee

Muljibhai Patel Urological Hospital, Nadiad-387 001, Gujarat, INDIA, www.mpuh.org

Messege

Dear Friends,

Incidence of CKD - ESRD is rapidly increasing in our country. Effectively more & more patients are going on maintenance of dialysis program. No patients undergo transplant however most of them need to be on dialysis before surgery. All this has resulted in huge no of patients coming for vascular access surgery. Well constructed fistula is not only a boon to patients but to nephrologists as well.

Sadly, there is no formal training in vascular access surgeries in most institutes. Residents learn just by observing from their immediate seniors. This quite often results in failure of fistula or non-maturation. Many times usual site are spoiled & then a nightmare starts of the patients who wishes to be on maintenance of dialysis.

Surgeon who performs vascular access has to understand the needs of nephrologists, , respecting the venous estate of limb & dynamics of arterio-venous connections. He must also know complications & what next of one site fails or not available.

In this course, we are going to address all such issues from basic to advance. If you see program details, almost every aspect of vascular access is covered. There will be live surgery transmissions & several videos showing unusual accesses. Cardiac surgeon will give overview about the grafts. There will be ample time to address the queries & doubts of audience.

We are fortunate that Dr. ArunPherwani from UK who has huge expertise in vascular access has agreed to come & be part of this course. He will be sharing his experience which will be of great benefit to everyone. There will be local & national faculty also who will share their experiences.

This is one course, which should not be missed by those who are involved in creating vascular accesses. This is a great opportunity be part of it & get benefitted.

Dr R. B. Sabnis

Chairman, Dept. Of Urology

MPU Hospital, Nadiad

Scientific Program

♦Topics

- ♦Pre op preparations & clinical evaluation in vascular access
- ♦Imaging modalities special emphasis in Doppler
- ♦Clinical practice Guidelines for vascular access NKF KDOQI
- ♦Basic principles in creating AV fistula
- ♦Vascular access what are nephrologists expectations.
- ♦Why fistulae fail. Understanding the dynamics.
- ♦Brachial AVF overview.
- ♦Radial & Brachial AVF fails what next?
- ♦Acute & long term Complications of AVF?
- ♦Aneurysm of fistula management & prevention
- ♦How long fistula can work?
- ♦Brachio-basilic transposition video
- ♦Forearm transposition
- ♦Saphenous vein interposition.
- ♦Grafts in vascular access when, which & where An overview.
- ♦Vascular access cripple what is the solution.
- ♦Live surgery AVF , Brachial AVF,

Highlights

- ♦Live surgery transmission : ideal method of Radial AVF, Brachial AVF
- ♦Video brachio basilic transposition, forearm transposition, saphenous vein interposition grafting, PTEF grafting
- ♦Lectures of relevant topics.

Vascular Access Course

Date : 5th & 6th August 2016

Registration Form

Last Name: _____

First Name: _____

Second Name: _____

Name that you would like to have on the Certificate:

Name of the Institution: _____

Address: _____

Tel: _____

Fax: _____

Mobile: _____

Email (Must): _____

Registration Fee:

	PG	Non PGs	Overseas
Registration	Rs. 1000/-	Rs. 3000/-	\$50

Mode of Payment: Draft in the name of "MPSRNU" payable at Nadiad. India
Online payment can be made on : www.mpuh.org

Accommodation:

Mr Ajay Patel Email : Ajay_patel353@yahoo.com
Mobile : 09537638833

Registration :

Dr Pradeep Ganatra Email : jpac@mpuh.org
Mobile : 09824387701

Return :

Dr Pradeep Ganatra
